THIS morning at 4 o'clock Edward Lorenz Harvey died at the Queen's Hospital of consumption. The deceased was a native of Boston, Mass., and came to these islands about twenty years ago, and entered the store of Bolles & Co. He had worked in many different places on the islands, and at one time was book-keeper for Allen & Robinson. For the past three months he had been employed at the Halawa Plantation, but had to give up on account of ill health, and came to Honolulu and entered the Queen's Hospital. He was about thirty-eight years of age. His funeral takes place this afternoon under the auspices of the G. A. R., at 3:30 o'clock.

BETHEL SOCIAL UNION.

THE sociable at the Bethel Union Church last evening was well attended and much enjoyed. Mr. B. F. Dillingham announced the programme of exercises. Instrumental music was furnished by Miss May Dillingham. Mrs. E. C. Oggel had charge of the literary part. There was first the debate on the right of woman to the ballot. Mrs. H. M. Whitney conducted the affirmative and handled her subject ably. Her opponent, Mr. Jay Greene, admitted it and said he would do the best he could. He argued like a lawyer and threw in an occasional flight of eloquence. The audience took a vote and the affirmative had it by 14 majority. The Rev. Geo. Wallace read a paper on the travels of a New Jersey family in England, which called forth much and merry laughter. Refreshments were served by the ladies. All had a good time.

NEARLY POISONED.

IT was reported round town this morning that a family residing on Hotel street had been poisoned through eating tinned corned beef. The facts are these: a barber's shop and dress-making establishment have been opened in the store on Hotel street, lately occupied by Frank Gertz. The proprietor and his wife, with two children, reside there. The other day, they had some tinned corned beef, and, instead of taking what was left out of the tin, left it in and yesterday they finished it. They were soon afterwards seized with sickness and Dr. Brodie was at once called and attended to them. They are much better to-day, though the man says he still feels a little queer.

THE GLORIOUS FOURTH.

THE 109th anniversary of American Independence will be celebrated in this city in a becoming manner. The programme really commences to-night, with a grand ball at Music Hall, for which a large number of invitations have been issued. At sunrise to-morrow there will be the usual ringing of bells. The Antiques and Horribles will parade, leaving the vacant lot adjoining Dodd's stables at 5 o'clock. The line of march will be through Hotel, Nuuanu, King, Punchbowl, Bereania, Fort, School, Nuuanu, Hotel and Fort streets, in the order named, to the point of starting, where the procession will be dismissed. Mr. Dodd has put a wall of canvas on the outside of the lot to hide the Antiques and Horribles from public view until they are ready to start. At 10 o'clock there will be a match game of baseball at Makiki between the Honolulu and Pacifics. The exercises at Kapiolani Park will commence at 11 o'clock. The Committee have arranged for supplying transportation by Dodd's busses to and from the Park, more particularly for ladies and children. Tickets for there and return will be supplied to those who make application at Mr. J. E. Wiseman's office, Merchant street, to-day or early to-morrow morning. Conductors will be in charge of the busses. The latter leave Hall's corner at 8 o'clock, following one another in quick succession until 11 o'clock. The following is the order of the exercises:—

At 2 o'clock in the afternoon the races will commence at the Park. The programme contains five events, all of which are well filled and some exciting finishes may be looked for. The second game of baseball will take place at the same hour between the Oceanics and Married Men.

HONOLULU FIRE DEPARTMENT.

THE Board of Representatives of the above department held their regular meeting last evening at the rooms of Engine Co. No. 2. There was a full attendance. The Chairman of the committee appointed to investigate with regard to the chairman's effigy, reported progress. The Foreman of the Pacific Hose Co., on this committee, was allowed to withdraw his name and W. E. Herrick was appointed in his stead. It is expected the matter will die a natural death, as it ought to. One of the new heaters attached to No. 2 engine was examined and gave every satisfaction. The other business was of the usual routine character.

THAT OPIUM.

Leong Pang, the Chinaman who is charged with importing the 2,200 tins of opium into the country by the bark Centaur from Hongkong, was brought up this morning in the Police Court and then further remanded until the 10th at the request of his counsel. POLICE COURT.

FRIDAY MORNING.

Moepali pleaded guilty to a charge of drunkenness and was fined \$5 and \$1 costs. J. W. Mitchell, for the same offense, was remanded until the 4th. John Aelama and Ane (w.) were charged with adultery. The former was fined \$30, the latter \$5; costs \$2.50 each. Ah Lo, for riding faster than a walk over a bridge, forfeited bail of \$5. Lock Hee, Ah Hoon and Ah Chung were tried for assault and battery on Ah Lung. The whole trouble arose out of water rights, from which the Court has been free for a long time. Lock Hee, being the worst, was fined \$15, and the other two \$10 each. An appeal was noted to the Intermediate Court. Leong Pang, for importing opium into the Kingdom, was remanded until the 10th. SUGAR CROWING DEAR.

AFTER three months of great dullness in the sugar trade, during which sugar has sold lower than ever before, an advance in price has begun which has given some activity to the market. Raw cane sugar has gone up five-eighths to three-quarters of a cent a pound in this city and from one and a half to one and five-eighths of a cent a pound in London, and Friday's Havana steamer carried \$250,000 in gold to the sugar planters in Havana, to be used in preparing for increased acreage in the next crop.

Speaking of the cause of the sudden advance, a prominent member of the trade said on Friday:—"Nearly one-half the sugar supply of the world consists of beet root sugar. It is grown in Germany and France principally, and is the only sugar used on the Continent of Europe. England and the United States are about the only users of cane sugar. Year before last about two and a half million tons of beet sugar was made, and the price was so low that the growers were discouraged, and, consequently, last year there was much less planting, and the yield was reduced about twenty percent, it is said, the crop last year being 130,000 tons less than the year preceding. All the European governments protect the manufacture of sugar by giving a bounty and levying a duty on sugar imported from other countries.

"The cause of the recent advance in our sugar is probably to be found in the fact that the decreased production of beet root has begun to be felt in Europe and they are sending to us for cane sugar."—N. Y. Herald.

The poet Whittier once lent a volume of Plato to one of the neighboring farmers, and when the book was returned asked, "Well, friend, how did thee like my friend Plato?" "First-rate," said the farmer. "I see he's got some of my ideas."
